Construirea fabricii de confecții « Gh. Gheorghiu-Dej » a început în anul 1948. Pe locul unde azi se ridică această modernă fabrică erau în trecut niște barăci în care cîteva sute de muncitori lucrau confecții pentru armată.

Odată cu construirea fabricii s-a dezvoltat în țara noastră sectorul de confecții.

În această marează fabrică unde lucrează mii de muncitori, o preocupare permanentă este ridicarea tehnicii procesului de producție. De asemenea și condițiile sociale sunt mult îmbunătățite prin creșe, cantine, restaurant propriu, sau prin polyclinică bine utilă.

Fabrica produce confecții de tot felul pentru femei, bărbați și copii.

Строительство фабрики готового платья им. Георгие Георгиу-Деж было начато в 1948 году.

В прошлом на месте, где теперь возьмется эта современная фабрика, находились бараки, в которых несколько сот рабочих были заняты пошивками для нужд армии.

Одновременно со строительством фабрики в нашей стране начала развиваться промышленность пошивочного производства.

На этой большой фабрике, где работают тысячи рабочих, основной заботой является повышение технологичности производственного процесса. Бытовые условия также значительно улучшены созданием детских яслей, столовки, собственного ресторана, а также и хорошо оборудованной поликлиники.

Фабрика выпускает различного рода пошивочную продукцию — женскую, мужскую и детскую.

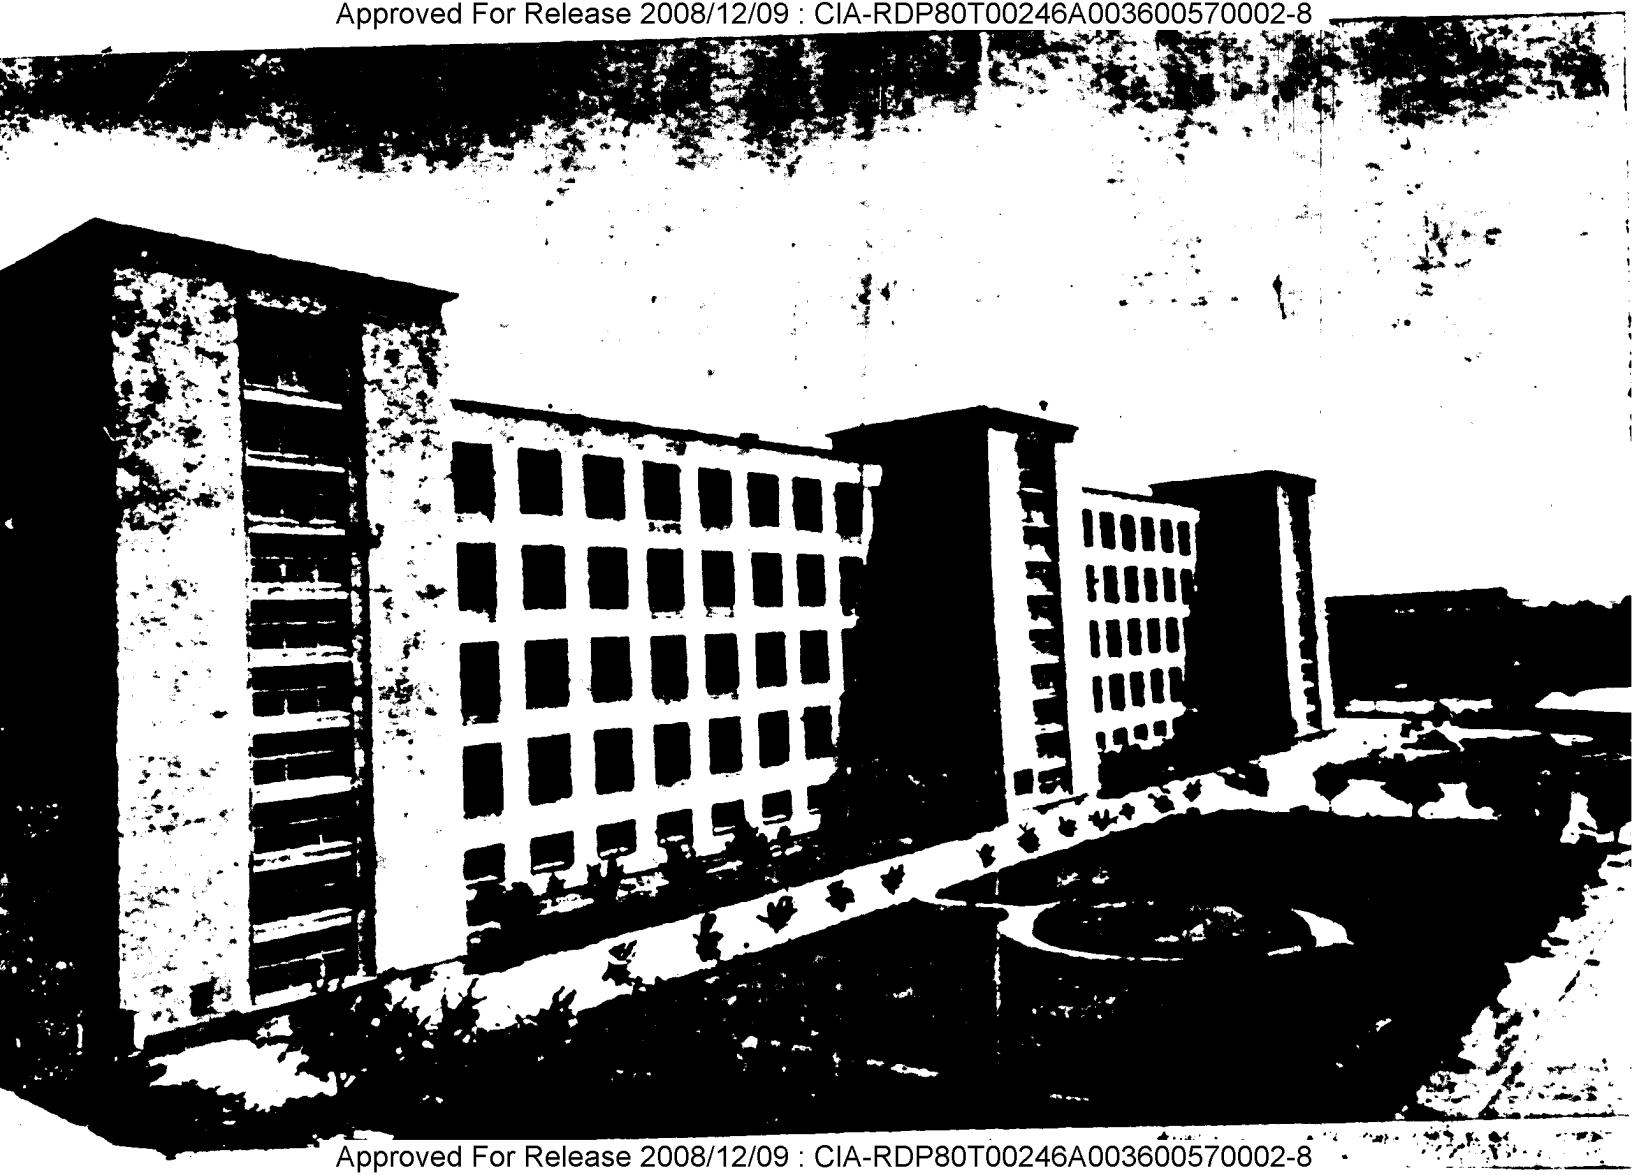

The building of the ready-made garments factory "Gh. Gheorghiu Dej" began in 1948. A certain number of barracks, in which several hundreds of workers were occupied, stood formerly on the spot on which this up-to-date factory is standing to-day.

The ready-made clothing production began to develop in our country from the moment this factory was commissioned.

In this great establishment, in which thousands of employees are working, a permanent care is devoted to the upraise of the technical level of the production. The working conditions are also greatly improved, from the social standpoint, by the instalment and managing of nurseries, canteens, a restaurant and a well provided-for polyclinical dispensary.

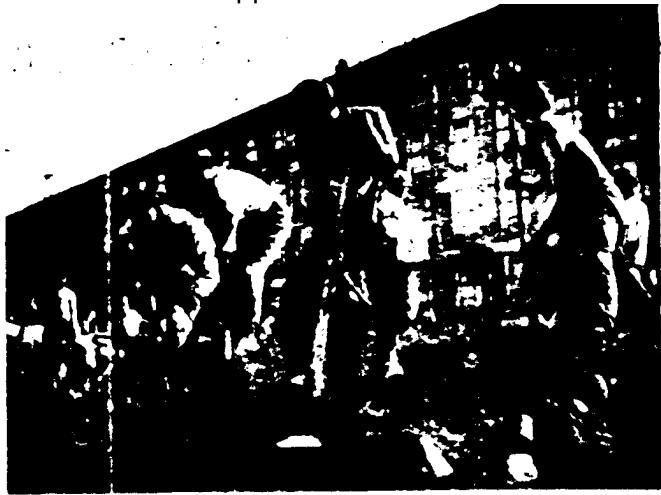

The factory produces all types of ready-made clothes for men, women and children.
